5. All plans must be submitted to the developer for approval of exterior design, materials and decoration. The developer may require changes in the plan deemed necessary for the protection of all landowners and the need to prevent too much similarity among houses. Failure to submit plans or failure by the developer to request plans shall not excuse any lot owner from this requirement and the developer may enforce this section for a period of one year after the completion of construction. Plans must be submitted for *each lot*. Previous plan approval does not guarantee future approval of the same plan on a different lot. The following restrictions shall be placed on all homes built:

  - (c) All houses must have minimum two-car garages. Garage doors must open toward lot side or rear lines unless approved by developer.

(g) All paint or stain used shall blend harmoniously with that used on other houses in the area so as not to appear garish or unsightly. The developer may require the owner to repaint or restain any painted or stained exterior surface at any time up to one year after the application of any part or stain to any exterior surface.

(h) All driveways shall be hard surfaced concrete or asphalt, and sidewalks to be concrete as per specifications of developer.

(i) All houses shall have a roof pitch of 8/12 or greater. All roof lines must be broken by gables, etc. and/or include dormers in the house design.

(j) All houses constructed on any lot shall have an exterior construction of brick or stone, except for gables and dormers. Architectural masonry may be used as accents, if approved by the Developer.

14. All lots are conveyed subject to restrictions and easements placed on the plan by the developer, the Fairview City Planning Commission and any other governmental restrictions in force and unknown to the developer at the time of conveyance. Whenever zoning regulations of the City

of Fairview are more restrictive than the covenants herein contained, they shall take precedence.

15. No structure shall be moved unto any lot unless it shall conform to and be in harmony with these restrictions and is approved in writing by the developer.

16.
